Admission Requirements and Procedure

Minimum Requirements

- At least 18 years of age
- High school graduate or GED equivalent
- Physically able to perform work of the trade
- Applicants must provide copies of 1) current driver's license, 2) social security card or I-9 documentation, 3) high school diploma, official transcript or GED.

Admission Procedure

Applications are accepted year-round. New apprentices are accepted through our "Survival Day" testing procedure. Survival days are scheduled based on workforce demand. All applicants who meet the above requirements are invited to attend.

Testing consists of hands-on work stations designed to test ability to follow direction and physically do the work. Applicants are judged and scored by our Journeymen and Contractors. Those with the highest scores are invited to join the program. All new apprentices must have:

- Meet the minimum requirements listed above
- Complete a two-week Pre-Job class
- Pass a drug test
- Become a member of Local 528.

The number of new apprentices selected is determined by workforce demand.

Applications can be returned to:
Washington Cement Masons Apprenticeship
P.O. Box 81044
Seattle, WA 98108
Or faxed to: (206)762-0896 or emailed to concretetraining@msn.com
